

Dear Doctor

Do you or your patients have: Cancer, Heart Disease, Alzheimer's, Autism, Electro Magnetic Field Hypersensitivity, Chronic Fatigue, Fibromyalgia, MS, ALS, Arthritis, Rheumatoid Arthritis or Uncontrolled Infections?

Maybe the Specialist said "There is nothing more we can do". What can you do for your patient now?

DR YOSHIAKI OMURA has insight into PAIN & INTRACTIBLE HARD TO TREAT MEDICAL & DENTAL PROBLEMS. He can diagnose your problem when no one else can. He can find subclinical pathologies early enough to control or eliminate them before they become irreversible. Once the condition is detected, the cause is then found & an appropriate treatment & dosage recommended. Maybe you have Rheumatoid Arthritis but the drugs you are taking are not working & you still have pain.

Dr Omura's New Unique Theories provide a New Paradigm in Medicine for treatment of these problems. These treatments improve your Quality of Life. This is why he has so many followers & has helped so many patients & doctors. I know because he has treated me.

Information about the upcoming HOUSTON OMURA SEMINAR (Feb 3-5, 2012) can be found at www.OmuraBDORT.com.

Healthy Longevity,

Dr Marilyn K. Jones
